

APPLICATIONS

- Boiler Automation
- HVAC Automation
- Chiller Automation
- Water Purification Plant
- Compressor Automation
- Process Monitoring Systems
- Chemical Reactor Automation
- WTP & STP
- QA & QC Equipment Monitoring
- Hydro - Pneumatic Pumping Station
- CCTV, Fire Alarms, PA Systems, Access Control, Boom Barrier, Lift Monitoring, Power Monitoring, Intelligent Lighting Control (IBMS Available for Residential & Commercial Building)

BUILDING MANAGEMENT SYSTEM

- FEATURES:**
- Scheduling
 - PLC Based System
 - User Friendly System
 - Multi Level Securities
 - Ease in Maintenance
 - Data Storage & Reports
 - Alarms & Events Logging
 - 21CFR PART 11 Compliance Software
 - SCADA for Monitoring, Controlling & Reporting
 - Remote Display for Monitoring & Data Logging
