

APPLICATIONS

- Air Handling
- Load Distribution
- Gas Filling Station
- Alarm Monitoring
- Power Monitoring
- Reverse Osmosis Plant
- Compressor Automation
- Fire and Gas Monitoring & Control System

FEATURES:

- PLC Based System
- Flameproof Panels
- User Friendly System
- Multi Level Securities
- Ease in Maintenance
- Data Storage & Reports
- SCADA for Monitoring, Controlling & Reporting
- Dual Redundancy System for Safety & Low Down Time

NM AUTOMATION & CONTROL PVT. LTD.
