

APPLICATIONS

- HVAC Automation
- Reactor Automation
- Injection Line Automation
- Ointment Line Automation
- Formulation Line Automation
- CCTV, Fire Alarms, PA Systems
- Power Monitoring & Utilities Monitoring
- Water Purification & Treatment Plant Automation
- Automation of RMG, FBD, Coating, Filling, Packing, Cartoning & Other Pharmaceutical Machines

FEATURES:

- PLC Based System
- User Friendly System
- Multi Level Securities
- Ease in Maintenance
- Data Storage & Reports
- 21CFR PART 11 Compliance Software
- SCADA for Monitoring, Controlling & Reporting
- Third Party Validations

NM AUTOMATION & CONTROL PVT. LTD.
